

## Gameplay

The game plays over **one round**, during which each player rolls dice **up to three times**.

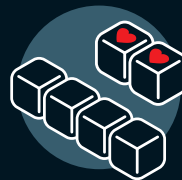

- 1** • Take all 6 dice and give them a good shake.

- 2** • Roll them once.

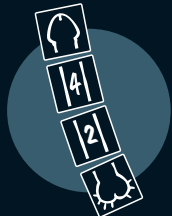

- 3** • You may choose to reroll any of the dice a second or third time.  
*Note: all Hearts you roll are set aside and cannot be rerolled.*

- 4** • After 3 rolls, analyze your results!

## Results

If you've rolled at least one **Ballsack** AND one **Head** determine the length of your dick by adding up your dice!

If you failed to roll at least one **Ballsack** AND one **Head**, your score is zero - but don't forget to show off your small but mighty member.

If you roll **5 Hearts**, you've gone soft. It's okay, it happens to everyone. Take all 6 dice and take another turn!

If you roll **6 Hearts**, you've found **True Love!** The game ends immediately and you're declared the winner!

## End of the game

After one round, if nobody's found True Love, the player with **biggest dick** is the winner! Stamp them so everyone knows about their King-Sized dick!

*If there's a tie, play another game ;)*
